1. CERTIFICATION & CONDITIONS OF REGISTRATION:

Information set out in certificate of Registration -

Name of designated centre: **Saint Joseph's Shankill**
Tel. No: **(01) 2823000**
Registered Provider: **Saint John of God Hospital CLG**
Principal Tel. No: **(01) 2771400**
Principal Address: **'Granada', Stillorgan Road, Stillorgan, Co Dublin**
Registration Number: **REG-0031685**
Centre ID: **OSV-0000102**
Date of Registration: **9.12.2019**
Date of Expiry: **8.12.2022**

This is to certify that Saint Joseph's Shankill is registered with the Office of the Chief Inspector of Social Services as a designated centre for the period noted above with Saint John of God Hospital Limited as registered provider and subject to the conditions of registration, specified below.

Management of the centre:

Person in Charge: **Sinoy Allyboccus** *Tel. No:* **01 2823000 0871657599**
Names & telephone number of each person participating in management:
Sinoy Allyboccus – 01 282 3000
Emma Balmaine – 01 2771521

Maximum number of residents that can be accommodated at the centre **62**

Conditions of Registration

Condition 1

Subject to any prohibitions to restrictions contained in any other conditions(s), the designated centre shall be operated at all times in accordance with the Statement of Purpose dated 30 April 2021. The registered provider shall only provide for the specific care and support needs, and services, within the facilities as set out in the Statement of Purpose, as agreed with the Chief Inspector at the time of registration. Any changes to the specific care and support needs and services provided must be agreed in advance with the Chief Inspector.

Condition 2

Only persons aged 18 years or older shall be accommodated at the designated centre at any time.

Condition 3

The maximum number of persons that may be accommodated at the designated centre is 62.

(Reg. Schedule 1: 1)

Background:

This Statement of Purpose & Function is designed to complement your resident's guide/information booklet. The details provided below will give you information on the governance and management of the centre and it will also meet the requirements set out in the 'National Standards for Residential Care Settings for Older People in Ireland 2016' and the 'Health Act 2007 (Care and Welfare of Residents in Designated Centres for Older People) Regulations 2013'.

(Standard 5.3 applies to the whole of this document)

2. SERVICES AND FACILITIES PROVIDED

OBJECTIVES

The mission of Saint Joseph's Shankill is to provide dementia specific person centred care, focussing on the social, emotional, psychological and physical needs of people at all stages of dementia, in a real home environment, where their feelings matter most.

We provide a high standard of care in accordance with evidence based best practice; this means providing person centred care; valuing people with dementia and those who care for them, treating people as individuals, looking at the world from their perspective, listening to their 'voice' and recognising that all people need to live in a social environment.

AIM

Our aim is to provide dementia care in a family like atmosphere where everybody knows that they really matter and that they belong.

Our vision is to lead the way in dementia care in Ireland through innovation, education and community engagement. Developing best practices that others can replicate, where families, staff, volunteers and communities are supported, engaged, and empowered to ensure that people living with dementia enjoy the **Quality of Life** they deserve.

Saint Joseph's commitment extends to the provision of Day Care and Respite services to those in the community living with dementia from early to middle stages.

ETHOS

Saint Joseph's is part of Saint John of God Hospital clg and our values are; Hospitality, Excellence, Compassion, Respect and Justice. The philosophy of the Saint John of God Hospitaller Services is that people are the creation of God, with intrinsic value and inherent

dignity. This philosophy is based on the beliefs and values of our founder, Saint John of God.

(Reg Part 2 3(1) & 3(2))

SPECIFIC CARE NEEDS

Excellence in Dementia Care

Located on the outskirts of Shankill village and just off the M50 (southbound exit 5), Saint Joseph's is a part of the local community, integrating into local services and organisations where possible so that the people in our care can still play active roles in their neighbourhood.

Saint Joseph's is a purpose built single storey wheelchair friendly home, providing long term 24hr care for men and women living with dementia, at any age. The people in our care live with others who are at the same stage of dementia in one of our 6 'lodges', each lodge has its own style and feel, and the lodge staff's skills and personalities are 'matched' to the needs of the people living in each lodge.

It is our aim to provide *excellence* in dementia care, in accordance with evidence based best practice.

Environment and Culture of Care

We have introduced a social model of care called the 'Butterfly Household Model of Care', which was founded by Dementia Care Matters (now Meaningful Care Matters), and is a very person-centred way of caring for people living with a dementia. The essence of the model rests on four key beliefs the first of which is, that it is possible to restore people's positive emotions and identity on the inside, enabling people with a dementia to come alive again. The second is a completely different approach to education and training of staff focusing on developing emotional intelligence as the primary competency in dementia care. The third involves the organisation itself changing and becoming person centred and finally in order to achieve the above dividing the 'centre' into separate domestic style houses. We have moved away from the traditional 'medical' type model; staff do not wear uniforms or name badges, we do not have nurse's stations or medicine trolleys. Instead, each house operates more like a normal family home. The majority of staff have been trained by Dementia Care Matters and we continue to ensure staff develop and maintain their skills in caring for people through on-going education and audit. Our six houses/lodges cater for people at different stages of dementia.

At Saint Joseph's, people at the same stage of dementia, live, dine, socialise, relax and are cared for together. We do not have uniforms, nurses' stations or drug trolleys and try to disguise any 'medical' or 'institutional' equipment, to achieve a home like environment. We describe four stages that Dementia Care Matters have adapted (from Naomi Feil's Model); Early Experience - people living with the early experience of dementia, who will be aware of losses, appear to be orientated but try to hide and/deny that they have memory loss and other symptoms often associated with dementia - Rathmichael – Lodge 10 people. Different Reality - people experiencing more often a different reality to our own – For example they may say they have to go to work or collect the children from school. Living with a dementia they often draw upon feelings and experiences from events in their past to make sense of their feelings and experience of the world now, Kilcrouney Lodge – 8 people and Carrigeen Lodge – 13 people. Repetitive Emotion - People who express feelings through repetitive sounds, words or actions to communicate their feelings, the 'emotion' is in the motion – Delgany Lodge – 10 people and Avoca Lodge – 11 people (Avoca Lodge also cares for 2 people in respite each week). Late experience - people who have intense later 'stage' dementia care needs. Verbal communication skills are often very impaired; a person may appear to have 'shut out' the outside world, Glendalough Lodge – 10 people.

Butterfly Quality of Life Award

Each lodge undergoes an unannounced audit by Meaningful Care Matters on a yearly basis. This involves MCM spending a morning or afternoon in a house observing the care in a Home and then providing feedback on how dementia care is being provided in the Home. The audit result ranges from 1 – 10 and in order to achieve the 'Butterfly Quality of Life' award you must achieve a level of 1 – 3. Currently all 6 houses have achieved the Butterfly Quality of Life National Accreditation Award.

Palliative Care

We provide care for people living with a dementia until end of life. Dementia is a terminal illness and we endeavour to allow people to die in their own home (Saint Joseph's) and provide palliative care if and when required. We provide training for staff in collaboration with the Irish Hospice "What Matters to Me" Programme and we are part of the Irish Hospice Foundation's CEOL Programme focussing on person centred end of life care.

Day Care and Respite Services

Saint Joseph's Shankill also provides Respite and Day Care services in an environment that is completely accessible with access to the outdoors in one of our courtyards or our beautiful contained garden area.

Entitlement to Community Services:

We recognise that there is a lack of adequate access by our residents to specific community services and therapies which they may need and may or may not be eligible for under the public health service and are not funded under the Nursing Home Support Scheme. We believe that our residents should be able to access all community services they are entitled to and we have ensured that they have access either under their medical card or they can be referred to a private provider if this is not available. For example all our residents have access to Podiatry services either under the Chiropody card system or on a private basis. In certain circumstances services such as seating assessments through the HSE cannot be provided in the timeframe that is required for our residents and in those cases we can offer the choice of a private seating assessment. Other services that are provided include dentist, SALT, Dietician, and Physiotherapy.

SERVICES AND FACILITIES

<u>COMMUNICATION</u>	<ul style="list-style-type: none">✓ Access to telephone, written and in some instances IT systems✓ Audiology or Ophthalmology appointments or aids*

(* These services may incur additional costs – Refer to Contract of Care including details of Nursing Home Service Charge & additional Services)

(Reg. Schedule 1:2c & 2d)

ADMISSION CRITERIA

Occupancy/ Resident profile:

Saint Joseph's Shankill has a total bed capacity of 62 beds, within this bed complement Saint Joseph's Shankill can and will provide residential care for up to 60 residents and respite care for up to 2 persons at any one time, in an environment where each person feels welcomed and valued. Saint Joseph's Shankill provides 24 hour nursing care to our residents. We accommodate both men and women from the age of 18 with a diagnosis of dementia.

(Reg. Schedule 1: 2b & Reg. Schedule 1: 3)

Coming to live at Saint Joseph's Shankill involves a number of stages.

All new admissions must have a formal diagnosis of dementia from a Medical Practitioner, GP or Consultant.

Your main contact with us will be our Person in Charge/Director of Nursing, Norma Sheehan.

We operate in Saint Joseph's from a waiting list in the first instance when someone makes contact. We ask that everyone completes and submits a waiting list form which we email or post out. The waiting list is updated with this information and is reviewed when a vacancy arises.

In Saint Joseph's we have 6 lodges and they all cater for people living with dementia at a particular stage. We have adopted a social model of care here called the 'Butterfly' Household Model of Care, Meaningful Care Matters (formerly Dementia Care Matters). A person is matched to a particular house that can meet their needs at the time they are admitted. The criteria for admission are based on the person's position on the waiting list, whether we can meet the needs of the person at this time and where the vacancy arises. See Page 6 for more detail of the different stages of dementia and matching.

We will contact you when a vacancy arises and at that point a pre admission assessment is carried out to ensure that we have all the necessary skills, knowledge and equipment to support you. Once this has been completed a visit to Saint Joseph's can be arranged.

All the administrative/financial paperwork involved, i.e. Contract of Care, is then organised and completed in advance of any admission.

All admissions to Saint Joseph's Shankill are pre-arranged following a pre-admission assessment. Unfortunately, we cannot accept emergency admissions.

(Reg. Schedule 1: 2e)

(Reg. 5 (2))

DESCRIPTION OF DESIGNATED CENTRE; RESIDENTIAL

ACCOMMODATION AND ROOM TYPES

Saint Joseph's Shankill is a single storey purpose built nursing home divided into 6 lodges and a day-care facility. Our Accommodation comprises of:

* Accessible to 2 lodges; Delgany and Carrigeen

** Accessible to 2 lodges; Kilcrouney and Avoca

Alteration works to increase the ratio of the number of bathrooms available to residents in Rathmichael Lodge and Avoca Lodge will be considered when sufficient funding becomes available.

(Reg. Schedule 1: 2c, Reg. Schedule 1: 4)

(Reg Schedule 1: 4)

DESCRIPTION OF DESIGNATED CENTRE; DAY CARE SERVICE AND FACILITIES

Saint Joseph's Shankill is an active participating member of the local community and therefore provides services to others who may be in need of our care. Clients with early to middle stage dementia attend Day Care from Monday to Friday each week. The facilities consist of a large day care room, an activities room, a kitchen, dining room, wheelchair accessible toilets and specially designed bathing areas together with landscaped courtyards and gardens. The resident's privacy and dignity will not be compromised by our visiting day-care attendees as their facilities are separate from the residents' facilities.

The Day Care aims to provide a relaxed, safe and secure, therapeutic environment, where our attendees will be greeted with a warm and friendly smile and be treated in a Person Centred manner, catering for each individual's preferences and needs, in keeping with and incorporating the Saint John of God ethos and values.

Our Day Care attendees' activities include:

- *Tea and chat*
- *Art, Painting and Colouring*
- *Hand crafts: cards, model-building*
- *Crosswords and Words-Search*
- *Reading from magazines, books and newspapers*
- *Gardening: planting seeds and bulbs*
- *SONAS Groups*
- *Extend (gentle exercise to music)*
- *Reading: fit-for-purpose books, magazines etc.*
- *Reminiscence and memory stimulating conversation: Life stories, Topical DVDs, Videos, Old objects of interest, etc.*
- *Light Topical Television entertainment: films, comedy etc.*
- *Walking in gardens*
- *Sing-a-long*
- *Bingo, board games, rings, putting etc.*
- *Relaxation Therapy.*
- *Doll Therapy.*
- *Pet Therapy,*
- *Classical Music Hour.*
- *Baking*
- *Our day care attendees can attend daily Roman Catholic Mass in our centre wish.*
- *Imagination Gym*
- *Karaoke*

(Reg. Schedule 1: 2c, Reg. Schedule 1: 2d & Reg. Schedule 1: 5)

3 MANAGEMENT AND STAFFING

The management and governance of Saint Joseph's Shankill is directed by a team of dedicated and committed members of staff who continually strive to raise standards of care. The Senior Management Team of the Centre includes the Chief Executive, the Person in Charge (PIC)/Director of Nursing, the Services Manager and the Fundraising Manager. The Chief Executive is accountable to the Chairman of the Board of Directors of Saint John of God Hospital clg and reports to the Board of Directors on a monthly basis. There are two CNM2s who deputise for the PIC in her absence. Our management team contacts are:

NAME	POSITION	CONTACT DETAILS	PROFESSION REGISTRATION Relevant Qualifications/Experience

	Administration Assistants	1.24
	Clerical Officer	0.67
Volunteer Co-ordinator	Volunteer Co-ordinator	1
Total WTE		102.05

*As at July 26th 2019

** Whole Time Equivalent (WTE) is the number of staff who would be employed if all staff were employed full-time (37/39 hours per week).

As a Service of the Saint John of God Hospital clg, Saint Joseph's Shankill has access to support and expertise from colleagues specialising in Finance, Human Resources, Information Communication & Technology, Infection Prevention & Control and Risk Management.

(Reg. Schedule 1: 6)

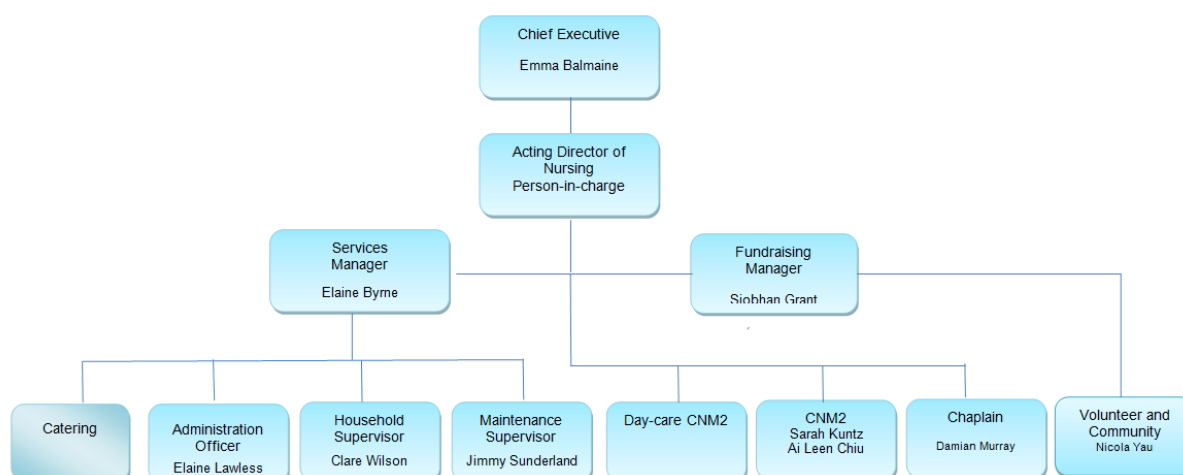

When the Person in Charge is absent from the centre, Ms Sarah Kuntz CNM2 and Ms Sinoy Allyboccus CNM2 deputise as Person in Charge.

Saint Joseph's Shankill

Dedicated to Dementia Care

ORGANISATIONAL STRUCTURE 2021

4 RESIDENTS' WELL BEING AND SAFETY

CARE PLAN

A care plan for the resident will be developed with the participation of their specified person/ legal representative within 48 hours of admission. This will be individualised to set out the personal care needs of the resident and will provide direction to staff members caring for the resident. A review of the care plan will be prompted following feedback or any changes in the personal needs/ circumstances, and will be updated no less frequently than at three-monthly intervals. To ensure we have the full participation of the specified person, on behalf of the resident, in this process we will communicate to the specified person when a review is required and will then set a mutually convenient time to complete the review process.

PRIVACY & DIGNITY

Each resident can exercise choice and control over his/her life and is encouraged and enabled to maximise independence in accordance with his/her wishes. We use individual care planning and have implemented “Enriched Care Planning” which is based on the principles of person centred care and individually tailored care plans informed by the person’s past and present life events, personality, wishes, preferences and current clinical presentation. Our aim is to maximise independence: each resident is encouraged and supported to live a meaningful life. We recognise and support the resident’s ‘ability to do’ in collaboration with the multidisciplinary team, family and carers.

Privacy arrangements for twin rooms; the rooms are spacious with good distance between beds and full length curtains between each bed to maximise privacy. Residents are assisted to the bathrooms which are generally in close proximity.

Personal autonomy and choice is inherent in our ethos. There are clear communication and information processes in place to facilitate the resident exercising choice. The resident is given a choice to participate in individual and/or communal recreational activities.

The resident’s individual choices relating to his/her preferred term of address are respected. Residents are addressed by their preferred name. This will also be documented in our “Enriched Care Plans.”

We promote hospitality, compassion, respect, justice and excellence in everything we do as a core and essential part of our ethos, this includes affording opportunities for self-expression.

(Reg. Schedule 1: 11) (Policy; Enriched Care Plan)

THERAPEUTIC & SOCIAL ACTIVITIES, HOBBIES AND LEISURE INTERESTS

The “Butterfly Household Model of Care” focusses on the person’s previous life story. Staff work with families to discover the person’s previous occupation, hobbies and interests in order to develop ways for the person to still find meaning, purpose and enjoyment in their day. On a daily basis activities are focused around the person’s own interests, what they can do and suited to their stage of dementia. For example in Glendalough Lodge (later life) activities are calm and more focused around the person’s senses and reaching them in their stage of dementia e.g. Imagination Gym.

Our Activity Coordinator, Volunteers & Hospitality Team complement this by collaborating with staff and residents in each lodge providing opportunities to organise a wide range of meaningful and purposeful activities.

Some of our activities include:

Arts & Crafts, Baking / Cooking, Board Games, Bingo, Bowling, Cards, Celebrations – birthdays, anniversaries, seasonal (e.g. Saint Patrick's Day Float Parade), Computers, Crosswords, Flat screen TV, Flower Arranging, Foot Spa Therapy, Gardening, Hand Therapy, Head Massage, Knitting, Jigsaws, Magazines, Manicures, Music Therapy, Musical Afternoons, News of the Day, Outings, Pampering, Pet Therapy, Poetry, Quiz, Radio, Reading, Relaxation Therapy, Religious Services, Reminiscence Therapy, SONAS Program, Sensory Therapy, Imagination Gym, Spiritual Reflections, Sing A Long, Social Afternoons, Sudoku, Walks, Wi – Fi, Word-Search, Movie Nights in our cinema.

We arrange regular entertainment events on afternoons and at weekends where musicians, singers and dancers from the local community come to Saint Joseph's Shankill to provide entertainment to the residents who wish to attend.

In 2017 we collaborated with the Living Well with Dementia project and facilitated the "Sweet Memories" choir where members of the community, our resident's and day-care attendees meet every Tuesday afternoon to sing in the choir.

In 2018 we started a Movement and Dance Class in Saint Joseph's especially devised for people living with dementia. Movement with music is evocative and inspiring and dancing with someone else creates a sense of belonging and intimacy all feelings that we treasure and try and instill in every aspect of our days here at Saint Joseph's.

Also in 2018 we introduced our 'Triobike' where residents can enjoy a trip to the local park meeting people in the community on their travels and feeling the wind in the hair!

Events are arranged for residents to attend outside of Saint Joseph's. These include tea dances, trips to the zoo, trips to a local Montessori school, trips to the local park and afternoon tea in the local pub.

Notifications of upcoming events are displayed around Saint Joseph's.

Volunteers are at the heart of Saint Joseph's Shankill. Due to their involvement we are able to provide additional activities and outings for the people who call Saint Joseph's Shankill their home and who attend Day Care here. We currently have just over 100 volunteers who help us to ensure that the people in our care have the Quality of Life they deserve. Our Volunteer Team help us to show them that they still matter such as: helping to pilot our TrioBike, bringing music and song, helping out with our dance and tennis classes. Some also come in for a chat with the people in our care and bring them for walks in the grounds. They bring the everyday to the people who call Saint Joseph's Shankill their home and brighten their days by making all those small moments matter.

The Hospitality Team in Saint Joseph's formed back in 2014. The purpose of this group is to promote the core values of Saint John of God throughout our home. We want to promote Hospitality and Respect for the staff, residents and their families. The team consists of members from across all departments and we aim to get staff involved in different activities and surveys throughout the year, to help promote Care, Compassion and to remind

everyone that we should all respect each other and each other's work, work together as a team to make the residents feel cared for and loved.

(Reg. Schedule 1: 2c & 2d, 10, 12), (Policy; Enriched Care Plan)

RESIDENTS' REPRESENTATIVE COMMITTEE

Within Saint Joseph's Shankill a 'Residents' Committee' comprising of family members & staff meets monthly. The Committee will listen to and represent the views of residents and/or their specified person/families concerning the care and support provided by Saint Joseph's Shankill. It will endeavour to communicate and consult with all residents and/or their specified person/families.

(Reg. Schedule 1: 13)

RELIGIOUS SERVICES ARRANGMENTS

Pastoral care arrangements are provided according to the resident's individual wishes and Ministers of Religion are made welcome in the centre. Roman Catholic Mass is celebrated daily (except Saturdays).

(Reg. Schedule 1: 14)

ARRANGEMENTS MADE FOR CONTACT BETWEEN RESIDENTS AND THEIR RELATIVES, FRIENDS AND/OR CARERS

We operate an open visiting policy within Saint Joseph's Shankill. In the interest of safety, everyone entering or leaving the centre is asked to sign our visitor's book and partake in precautionary infection control measures as appropriate. Saint Joseph's Shankill reserves the right to impose restrictions on visiting arrangements where the visit or time of visit is deemed to pose a risk or where the resident requests restrictions. All residents have access to telephone facilities which may be accessed privately.

(Reg. Schedule 1: 15)

COMMENTS / COMPLIMENTS AND COMPLAINTS:

Saint Joseph's Shankill is interested in feedback to ensure that its service is continually reviewed and refined in line with best practice and resident choice. There are a number of ways in which the resident, the resident's representative, or a visitor can share their views/participate in the consultation process:

(Reg. Schedule 1: 16)

COMPLAINTS PROCEDURE

How do I make a complaint?

In Person: Talk to any member of staff, service manager or **complaints officer**, Elaine Byrne

By Email: E-mail saintjosephs@sjog.ie with your feedback.

By Letter: Send a letter or fax. Staff can help you put your complaint in writing, if you require assistance. St Joseph's Shankill, Crinken Lane, Shankill, Co. Dublin. Fax: 01-2823119

Ring us: 01-2823000

What do I need to include in my complaint?

A complaint should include:

- Who was involved?
- What happened and when?
- What are you concerned about?
- Have you done anything else to resolve this matter?
- What do you want to happen now?
- Verbal complaint forms available at reception.

What will happen next?

- A verbal complaint will be acknowledged as soon as possible by relevant staff member.
- A written complaint will be acknowledged by a complaints officer in writing within 5 working days.

How will my complaint be dealt with?

Depending on the nature and seriousness of your complaint:

- A staff member/manager will attempt to resolve your complaint locally **or**
- A complaints officer will look into the issues raised in your complaint.

How long will it take the complaints officer to look into my complaint?

- The complaints officer will look into your complaint within 30 working days of the date when it was acknowledged.
- If it takes longer to look into all the issues raised in your complaint the complaints officer will notify you within 30 working days and will give you an update on what is happening every 20 working days after that.

What do I do if I am not satisfied with the recommendations made by the complaints officer or the way my complaint was dealt with?

Request review from Appeals Officer	OR	Request review from Ombudsman
<p>You may request a review from the Appeals Officer:</p> <p>Mr Joe Kelly, Head of Operations & Quality, St John of God Hospital clg Phone: 01 2771400 Email: joe.kelly@sjog.ie</p> <p>You have 30 working days from the date of the final report sent to you by the complaints officer to request a review.</p>	<p>OR</p>	<p>You may request an independent review of your complaint from the Office of the Ombudsman</p> <p>Office of the Ombudsman: 18 Lower Leeson Street, Dublin 2. Phone: 01 6785222 Email: ombudsman@ombudsman.irlgov.ie</p>

A full copy of the “Management of Complaints Policy” or the “Safety Management System Policy” is available upon request at any time.

(Reg. Schedule 1: 16)

FIRE PRECAUTIONS AND EMERGENCY PROCEDURE

Safety:

The safety of the resident is paramount to us. All staff are available to give assistance at any time; there is also a Nurse Call bell system in operation in all rooms and bathrooms.

Fire:

We operate a test fire alarm every week. This will last approximately ten seconds. If a visitor hears a continuous alarm at any time of the day or night, this is **not** a test. Please proceed to the nearest fire exit.

Other Emergencies:

If any person discovers other scenarios/ circumstances which pose a risk to residents, staff, or visitors please inform the nearest staff member immediately.

Safety Management System available upon request.

(Reg Schedule 1:17)

Saint Joseph's Shankill Fire & Emergency Evacuation Plan and Fire Alarm Response Strategy

Locations and Identification of Walkie-talkie

Walkie-talkie Identification	Location
Nursing Director	DON Office
Isolation Room	Isolation Room (previously daycare)
Reception/First Responder	Reception desk
Kilcroney	Kilcroney Lodge Back Office
Carrigeen	Carrigeen Lodge Back Office
Maintenance	Reception desk
Rathmichael	Rathmichael Lodge Dining Room
Delgany	Delgany Lodge Kitchen
Avoca	Avoca Lodge Kitchen
Glendalough	Glendalough Lodge Kitchen

All walkie-talkies should be set to Channel 1

Alarm Activation/Bell rings

First Responder (Nurse in Charge in Kilcroney Lodge):

Nurse in Charge in Kilcroney Lodge will be the First Responder and will proceed immediately to the Main Fire Panel in Reception and will pick up the Reception walkie-talkie held there behind the counter and turn it onto Channel 1.

All other walkie-talkie Responders:

All other responders to pick up and turn on their walkie-talkies to Channel 1 and listen to any radio traffic on the air.

All other Staff, volunteers, contractors and visitors:

All other staff remain where they are or take direction from the local manager while awaiting the outcome of the preliminary investigation of the alarm.

If a fire is in the vicinity, evacuation strategy commences immediately.

Alarm Investigation

First Responder & Investigating Responder:

The First Responder will communicate with the Responder in the affected unit informing them of the exact location of the Activation. Upon Investigation the responder in the affected unit will communicate back to the First Responder informing them of whether it is a false alarm or not. All other walkie-talkie holders should be listening for further instructions.

The First Responder will silence the Alarm but will not reset the panel

Confirmed False Alarm

If it is a **Confirmed False Alarm** the First Responder will reset the panel and instruct the Receptionist to make the necessary announcements over the Intercom System.

When a Fire is confirmed

If a **FIRE IS CONFIRMED** the First Responder will re-activate the panel and continuous bells will mean evacuation is required. Re-activate the Alarm by pressing the **Alarm Device Active button or by breaking the nearest Break Glass unit.**

The First Responder will make the initial call to the emergency services. **Dial 112/999.**

The First Responder will instruct the Receptionist to make the necessary **announcements over the Intercom System.** They will then hand over to the Person in Charge of the Building or next Senior Manager who will use Nursing Director's walkie-talkie. The First Responder should give the Reception walkie-talkie to the Person in Charge.

Evacuation Strategy

All non-clinical staff will proceed to the Assembly Point, Main Car Park at the front of the building, if safe to do so, and provided they are not requested to assist. An Assembly Point coordinator will be appointed by the Person in Charge.

The Person in Charge will issue the Assembly Point coordinator with the Reception walkie-talkie to ensure that communication lines are open between Command and Control and Assembly Point Personnel.

Where there is a confirmed Incident, the Principle of Progressive Horizontal Evacuation will commence from the endangered area into the next compartment to a place of relative safety by all clinical staff. This may require the need to move residents in their Beds, Wheelchairs, on Evacuation Sheets or on Foot.

Continuous Evacuation may be required on a horizontal plane into further compartments as necessary. This may result in total evacuation of the Building.

Keep two compartments between you and the fire

Relocation Strategy

Assembly Point personnel will be allocated to assist in whatever manner is necessary by the Person in Charge through the Walkie-talkie System to include assisting residents who have left the building to move to a place of safety, Crinken House or Elvira Close

Crinken House: relocate all ambulant residents

Start moving all ambulant residents to the nearest safe exit to Crinken House where identified non clinical staff will assist with helping ambulant residents to the Ground Floor of Crinken House. Adequate numbers of staff will remain there to care for the evacuated residents, as determined by Person in Charge or designated other.

Elvira Close: relocate all non-ambulant residents

All other clinical staff will prepare for the following: Start moving Non Ambulant residents to the nearest safe exit to Elvira Close.

Transportation

Our Transport Support team will be notified and prepared for further evacuation by Person in Charge or designated other.

Command and Control

The Person in Charge will assume complete control until the Emergency Services arrive, at which time they will hand over to the Officer in Charge of the Fire Services, giving them an update of the situation and should remain in support of the Fire Services unless instructed otherwise.

Fire Warden Duties

Fire Wardens will be allocated their Duties by The Person in Charge of Command and Control throughout the procedures.

Day Care Services – currently closed due to Covid-19 Pandemic

Isolation Room

In the event of an Alarm Activation the Nurse or Health care assistant in attendance will collect the Day-care walkie-talkie located at the back door to the enclosed garden area and will listen in to communications through the Walkie-talkie System. All residents and staff should remain in the isolation room and await further instruction from staff. Should the isolation room need to be evacuated then further assistance will be assigned by the person in Charge of Command and Control or the Fire Services Officer. If immediate evacuation is required staff should evacuate through to the daycare enclosed garden area and remain there if safe to do so. If further evacuation is needed staff and residents should gather at the Assembly point in the main car park but must ensure that they follow social distancing guidelines.

Relocation following the Incident

When the Incident is resolved and provided there are no reasons to do otherwise the Fire Service will return control of the building to the Senior Person in Charge at that time.

They will then decide to re-occupy all or part of the complex or otherwise.

Where it has been determined that it is not safe to re-occupy the building, the Person in Charge will co-ordinate the relocation of the residents to:

Ravenswell, Bray, Co Wicklow

St Columcille's Hospital, Loughlinstown, Dublin 18

St John of God Hospital, Stillorgan

Saint Joseph's Shankill Fire & Emergency Evacuation Plan and Fire Alarm Response Strategy **Out of Hours (Night-time & Weekends)**

Locations and Identification of Walkie-talkie

Walkie-talkie Identification	Location
Reception	Reception desk
Isolation Room	Isolation Room (previously day-care)
Kilcroney	Kilcroney Lodge Back Office
Carrigeen	Carrigeen Lodge Back Office
Rathmichael	Rathmichael Lodge Dining Room
Delgany	Delgany Lodge Kitchen
Avoca	Avoca Lodge Kitchen
Glendalough	Glendalough Lodge Kitchen

All walkie-talkies should be set to Channel 1

Alarm Activation/Bell rings

First Responder

In the event of alarm activation the First Responder will proceed immediately to the Main Fire Panel in Reception and will pick up the Reception walkie-talkie held behind the counter.

All other staff on duty

The other staff on duty will immediately collect one walkie-talkie from one of the lodge locations and turn it on to Channel 1.

It may not be possible to collect all Nursing floor based walkie-talkies out of hours. In this instance priority should be to pick up Kilcroney and Carrigeen devices so that communication lines are immediately open for both units.

Alarm Investigation

First Responder & Investigating Responder:

The First Responder should communicate through the walkie-talkie the location of the fire and ask who is nearest the activation. The First Responder should instruct the staff member to undertake an investigation of the affected area.

The First Responder will silence the Alarm but will not reset the panel

Confirmed False Alarm

If it is a **Confirmed False Alarm** the First Responder will reset the panel and communicate to all walkie-talkie responders that it is a false alarm.

When a Fire is confirmed

If a **FIRE IS CONFIRMED** the First Responder will re-activate the panel and continuous bells will mean evacuation is required. Re-activate the Alarm by pressing the **Alarm Device Active button or by breaking the nearest Break Glass unit.**

The First Responder will make the initial call to the emergency services. **Dial 112/999 and the Senior Member of Staff on Call.**

Name	Position	Tel. No.
Sinoy Allycoboccus	Director of Nursing/Person In Charge	087 1657599
Elaine Byrne	Services Manager	087-6778178
Jimmy Sunderland	Maintenance Manager	087-9470589

All other Staff should prepare for **Evacuation.**

Evacuation Strategy.

Where there is a confirmed Incident the initial move will be to get residents away from the immediate endangered area to a place of relative safety. **Progressive Horizontal Evacuation** will commence from the endangered area into the next compartment to a place of relative safety. This may require the need to move Residents in their Beds, In Wheelchairs, on mattresses, using Evacuation Sheets, or on foot.

Continuous Evacuation may be required on a horizontal plane into further compartments as necessary.

Keep two compartments between you and the fire

Relocation Strategy

Crinken House: relocate all ambulant residents

Start moving all ambulant residents to the nearest safe exit to Crinken House where identified non clinical staff will assist with helping ambulant residents to the Ground Floor of Crinken House. Adequate numbers of staff will remain there to care for the evacuated residents, as determined by Person in Charge or designated other.

Elvira Close: relocate all non-ambulant residents

All other clinical staff will prepare for the following: Start moving Non Ambulant residents to the nearest safe exit to Elvira Close common room.

Transportation

Our Transport Support team will be notified and prepared for further evacuation by Person in Charge or designated other.

Command and Control

The First Responder will assume complete control until the Emergency Services arrive, at which time they will hand over to the Officer in Charge of the Fire Services, giving them an update of the situation and should remain in support of the Fire Services unless instructed otherwise.

On arrival of the Senior Member of Staff on Call, the First Responder will appraise them of the situation and hand over control of the incident to them.

Fire Warden Duties

Fire Wardens will be allocated their Duties by The Person in Charge of Command and Control throughout procedures.

Relocation following the Incident

When the Incident is resolved and provided there are no reasons to do otherwise the Fire Service will return control of the building to the Senior Person in Charge at that time.

They will then decide to re-occupy all or part of the complex or otherwise.

Where it has been determined that it is not safe to re-occupy the building, the Person in Charge will co-ordinate the relocation of the residents to –

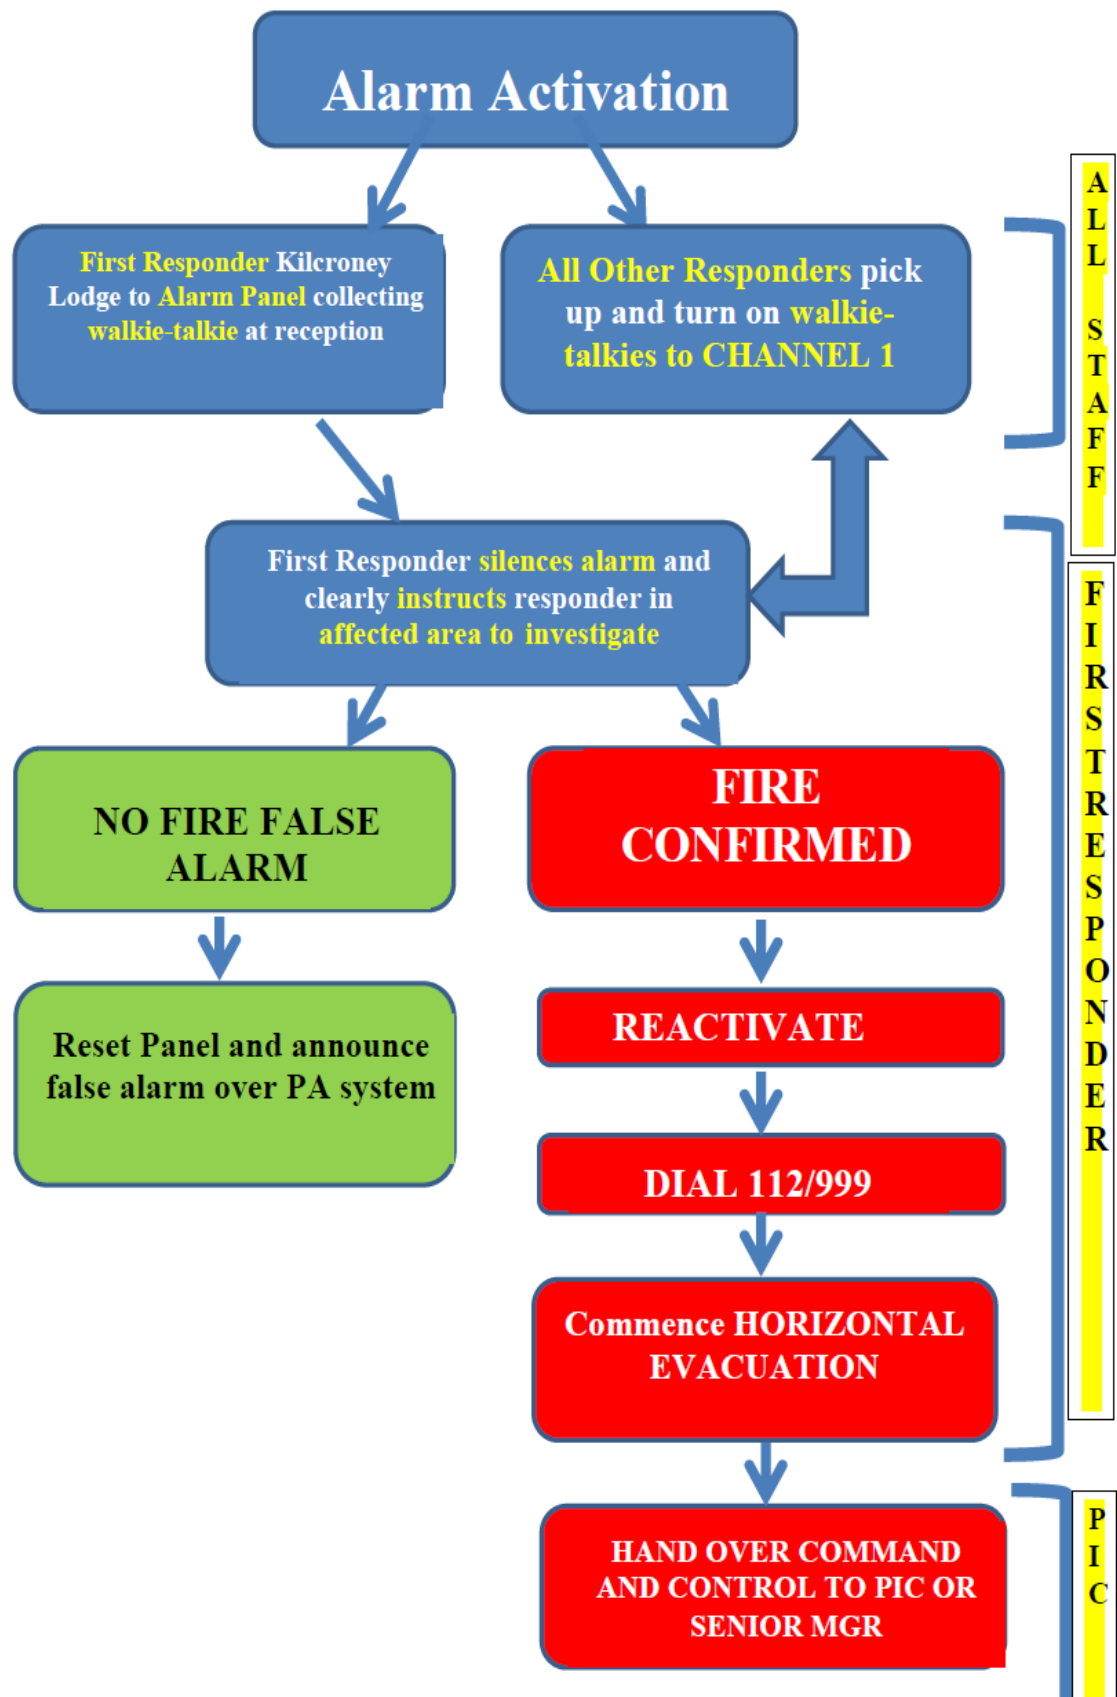

Ravenswell, Bray, Co Wicklow

St Columcille's Hospital, Loughlinstown, Dublin 18

St John of God Hospital, Stillorgan

Evacuation As appropriate to the individual residents Personal Evacuation Plan (PEP).

FLOWCHART: WHAT TO DO IF THE FIRE ALARM IS ACTIVATED

5 POLICIES

Standards

As a provider of high quality nursing care we welcome the Health Act 2007 Regulations 2013 and National Standards for Residential Care Settings for Older People in Ireland 2016. These standards will help to consolidate existing good practice whilst also identifying areas for development. A copy of the Standards and Regulations can be obtained on line –

<https://www.hiqa.ie/sites/default/files/2017-01/National-Standards-for-Older-People.pdf> or in writing to: Health Information and Quality Authority, Social Services Inspectorate, 1301 City Gate, Mahon, Cork.

<http://www.irishstatutebook.ie/2013/en/si/0415.html>

Other policies that we adhere to include:

Responding to Emergencies

Communication

Complaints

Creation of, Access to, Retention of and Destruction of Records

End of Life Care

Internal Emergency Response Plan

Residents' personal property, personal finances & possessions

The ordering, receipt, prescribing, storing and administration of medicines to residents

Admissions

Health & Safety of Residents, staff and visitors including Infection control

Monitoring and documentation of nutritional intake

Staff training & development

Positive Approaches: Positive Behaviour Support for Need Driven Behaviours

Provision of Information to Residents

Recruitment, Vetting and Selection of Staff

Risk Management

Safeguarding Vulnerable persons at Risk of Abuse National Policy and Procedures

Fire Safety Management

Temporary Absence and Discharge of Patient

Towards a Restraint Free Environment

The above is not an exhaustive list.

(Reg. Schedule 1: 2e)

6 TERMS AND CONDITIONS OF THE CONTRACT OF CARE

By agreeing to take up residency within Saint Joseph's Shankill you or your specified person/legal representative will have signed a contract of care which ensures that you have a legally binding assurance of high quality care standards and that we have an acknowledgement of your commitment to our terms and conditions. A full copy of the Contract of Care follows.
